

Custom Fabrication

Your vision. Our craftsmanship.

With in-house fabrication and custom sourcing, we transform your favorite linens into bespoke details that make your event unmistakably yours. From custom-procured prints and patterns to one-of-a-kind fabrications including drapery cuffs, bibs, placemats, pillows, and decorative accents, our team helps bring a cohesive design vision to life down to the smallest detail.

For projects that extend beyond our in-house fabrication offerings, we collaborate closely with event designers, fabricators, and production partners to source and provide custom linens and textiles that support larger-scale installations, specialty fabrications, and your broader creative vision.*

- Table Linens
- Pillows
- Cushion Covers*
- Drapery*
- Bibs & Placemats
- Scalloped Toppers
- Pleated Table/Bar Skirts
- Bar & Furniture Inserts & Appliques*

Lead Times

Custom fabrication timelines vary based on the scope, complexity, and scale of each project. To ensure adequate time for sourcing, production, and execution, we recommend beginning the process at least 90 days prior to your event date, though larger or more specialized projects may require additional lead time.
